Role	Name	Telefon	E-Mail
Quality	Angela Reiners	+49 (0) 40 670 52 208	a.reiners@arthur-krueger.de

The management ensures environmental protection and its objectives are taken into account. Our external safety engineer is authorized to coordinate the environmental activities and supports the organization in processing the requirements of the interested parties.

We comply with all applicable laws. In addition, Arthur Krüger GmbH has set up ethical principles in "Arthur Krüger GmbH Code of Conduct", which includes human rights and fair working conditions, occupational health and safety regulations, data protection, the prohibition of corruption and bribery, and environmental protection. The Code of Conduct is available on request or at www.arthur-krueger.de.

Certificates

Certificate	Valid until
ISO 9001: 2015	31.08.2024

With this letter we confirm that all products supplied by us to you (exceptions follow) are free of prohibited substances according to Regulation (EC) 1907/2006 (REACH) and according to the latest status of the ECHA candidate list of 10.06.2022.

Exceptions, respectively information obligation according to Art. 33 REACH-VO (EG 1907/2006): The following products distributed by us fall under the duty to inform, because they contain more than 0.1% of the below mentioned substance:

Arthur Krüger no.	Description	Substanz	CAS-Nr.
630000...	PVC-hart	Dioctylzinnverbindung	15571-58-1
	Pre-cast parts made of PVC-hart	Dioctylzinnverbindung	15571-58-1
441013...	PVC-Schaum	Dioctylzinnverbindung	15571-58-1
	Pre-cast parts made of PVC-Schaum	Dioctylzinnverbindung	15571-58-1

No special precautions are required when handling the articles/products, as the substance is firmly bound into the plastic and is not released when used as intended. However, the local workplace-related dust limit value should still be monitored during processing. Overheating, which can lead to the release of harmful decomposition products, should be avoided.

Furthermore, we confirm that all products supplied by us to you are free from prohibited substances according to the following directives:

2011/65 (EU; RoHS2)

2015/863 (EU; RoHS3)

We accept regular quality management audits by customer.
